

World Society of Ophthalmic Plastic, Reconstructive and Aesthetic Surgery
Website - www.worldsopras.org.

Dear Colleague

We greatly value your being constituent partners of the World Society of Ophthalmic Plastic, Reconstructive and Aesthetic Surgery (WSOPRAS). Your participation in the previous WSOPRAS meeting and its initiatives such as the Thyroid Eye disease statement have been a major source of strength for the World Society.

Encouraged by the appreciation and hung participation in the meetings of the WSOPRAS at Dubai 2023 and Istanbul 2025, the Society is planning the next Biennial meeting at Beijing from April 8th to 10th, 2027. Your active contribution and participation in the meeting is requested. I am enclosing a preliminary flyer of the Beijing with a request fo circulate it to your membership and put it on your website. We will be in touch as soon as the website for the meeting is operational.

I am grateful for the response to my earlier mail dated 1st May, 2026, requesting an update of the information pertaining to your society. We have received the response from many of you and have updated the information. A request to those who are yet to respond, to please to get back with the names of the current office bearers (President, Vice president/ incoming president, General Secretary of the Society) and the official mail ids for the purpose of communication. We will also like to display the information on the WSOPRAS website.

Looking forward to your expeditious response and participation in the Beijing meeting.

With regards

Dr Ashok Grover
General Secretary
World Society of Ophthalmic Plastic Reconstructive and Aesthetic Surgery (WSOPRAS)
